EZ-Dumper (r) inserts are tough. Our products are designed, engineered and manufactured to deliver dependable performance in tough conditions and extreme environments -- the perfect solution for safely & efficiently moving any load from one jobsite to another.

Made from steel or stainless steel construction, our inserts are available in standard 8' size with 2 cubic yard capacity to fit most full-size pickups, and smaller 6' model with 1.5 cubic yard payload capacity available to fit most short-bed trucks. EZ-Dumper (r) inserts are designed and manufactured to perform.

Nearly effortless operation. To empty a payload, simply open the tailgate and with the push of a button on your remote, dump and lower via a 12V Monarch Hydraulic Double-Acting Pump connected directly to your truck's battery. The EZ-Dumper (r) lifts to an angle of 51 degrees in about 15 seconds for a quick and clean unloading. Never unload your truck by hand again.

- The Original Hydraulic Dump Insert for Trucks (Since 1972)
- 6,000lb Lift Capacity
- 12 Gauge Steel Floor
